Hey Scott,

Yeah, your priority list is correct.

Thank you very much

Subject: CSTAG and CAG work

Jen and Diane

I saw you forwarded the CAG Interim Remedy slides for review. By way of a status update and perhaps to help set priorities. The tasks and priorities as I see them:

1. Keegan, Dan, Kristen, and Aaron have gone through the 11 principles memo. I forwarded it to HDR so they can give it a read and add any updates. Keegan and I are going to go through it tomorrow to finalize any revisions. I want to get that to you tomorrow hopefully on the earlier side.
2. CAG interim remedy presentation review. I think Ed and James were working on this with you throughout today so they will most likely be getting to this in the AM. I noted you have a specific task called out for CDM so either Aaron or I will get someone stated on that tomorrow morning. We'll also go through the presentation as a whole and forward updated slide (20? I think that's the one) and any comments out to the both of you tomorrow.
3. CSTAG overview memo. The team has addressed EPA's comments and we just need to give it a final once over. However since EPA has already seen this document it is on the bottom of the list and we'll most likely get this over to you early Monday.

That is it, let me know if you have any concerns regarding my priorities, also let me know if I missed any remaining tasks for these efforts.

Good night
